Stage 1: You Want Butter on That?

While working the concession stand at the theater, two thugs in line attempt an armed robbery. Two of their buddies are waiting farther back out of the line. Engage T1 - T2 with 3 each while avoiding the no-shoot. Move to cover and engage T3-T4 with 3 shots each.

Stage 2: We Need Park Carry Passed!

While in the park you're attacked by the local gang, the WFRA (Wildlife Fund Redistribution Association). Engage T1 and T2 from right side of tree with 3 each. Move to next tree and around left side of tree engage T3 - T4.

Stage 3: That Darn Parking Garage

Figuring that because you're carrying a child, the local chapter of the PGWRA (Parking Garage Wealth Redistribution Assc) approach you at gunpoint demanding a donation. Engage T1-T2 in tactical sequence while avoiding the no shoot, move to cover and engage T3 either on the move or from cover. Move to the front of the park car and engage T4 from low cover. All targets get 3 each. Baby can be left at any point of cover. Baby must be put down gently to prevent injury.

Stage 4: More Trouble in the Park

While walking with your date in the park eight members of the TURDS (Thugs, Undesirables, Rejects, Dirtbags and Scum) demand your date and your valuables. When the action starts, your date clamps down hard on your support hand and doesn't let go until after being injured in the initial gunfire. Engage T1-T3 with 2 each in tactical sequence while holding a weight out to your side to simulate your date holding onto your support hand. After T1-T3 have been engaged, drop the weight and move to cover. Engage T4-T5 from left side of cover and T5-T8 from right side with 2 body 1 head.

Stage 5: A Twist on Tueller

The eight targets represent a man running at you in a serpentine manner. Engage T1 - T7 with one shot each in reverse tactical priority (far to near) while avoiding the no-shoots. Finish with 1 head shot to T-8. *Marc was able to run this pattern of attack easily in just over 6 seconds. You notice that no shooters came close to that time when shooting. The farthest target was about 15 yards. The target spread from left to right was about 7 yards.

Happy Birthday to Marc !!!
