Our Customer Satisfaction Motto:

"We're not happy, until you're not happy"

Stage 1: A Thug's Mecca

Concealment, not limited

While using the ATM (A Thug's Mecca), 2 thugs approach you from behind demanding your money. At the buzzer, turn and sidestep, draw and engage T1 and T2 with 3 shots each. The ballons must pop.

Stage 2: Baby Extraction

Concealment, not limited

While exiting the convenience store, a gang of thugs shoots your spouse waiting in the car with your baby. You must rescue your baby immediately. At the buzzer, run from the store to your car and engage T1-T4 with 3 shots each using the car as cover (T1 & T2 may be engaged on the move to the car.) Then extract your baby from the back seat and move to the solid pillar. While holding the baby, engage T5-T7 strong hand only with 2 shots each while pieing. Be careful as T5-T7 have hard cover of their own too.

Stage 3: Late Night Car Attack

Concealment optional, not limited, low light, 2 strings

While driving home from FNL, you are boxed in and attacked. Luckily it is now legal to carry a rifle in your car.

String 1: Starting seated in your car, at the buzzer, draw and engage T1 across the passenger side of your vehicle with 2 shots each.

String 2: Starting seated with your hand on your holstered gun, at the buzzer exit your vehicle and make your way to the trunk. Recover your rifle and put it in firing condition (turn off safety and charge the rifle). Engage T2-T4 with 2 shots each. Move to the front of your car and engage T5-T7 with 2 shots each. T5-T7 are using hard cover.

Stage 4: .45 Rifle Trigger Time

Using the .45 rifle, at the buzzer engage T1-T3 with 3 shots each.
