Our Customer Satisfaction Motto:

"We're Not Happy Until You're Not Happy!"

Stage 1: Hell Night 1

You are at the range when a group of gang-banger wanna-be's enter to rob the place and kill whoever is here for their initiation into the gang. Activate swinger and engage 4 targets with 2 shots each.

Stage 2: Hell Night 2

One of the bad guys, hiding outside, from the first attack escapes and goes to get help from others of the clan. They are waiting for you as you walk outside later. Drop range bag, shoot one from retention while retreating to wall. Shoot other 4 in parking lot. All bad guys get 2 shots each.

Stage 3: Hell Night 3

You are home recovering when they break in and grab your wife and child. Shoot the closest in the head they shoot the other three with two shots each from cover.

Stage 4: Six Shooter

You are wearing your 2 six shooters and a small semi back-up while you are motorcycle riding. You stop for gas and get mistaken for a rival gang member. 3 to each body in tactical sequence then 1 to each head, then shoot the knock down.

Stage 5: Hurry Up

You are in a parking lot leaving your car when a man comes at you with a knife. Shoot him 6 times while retreating and then deal with his 4 angry friends with 2 shots each.

Stage 6: Top Shot

Shooting positions are:
23 yards T1 and T2 16 feet apart
18 yards T3 and T4 16 feet apart
13 yards T5 and T6 16 feet apart
18 shot minimum

At start move to P1 load gun and engage three 1 gallon sized balloons, unload gun, run slide three times and press the trigger downrange then holster. Move to P2 and load gun and engage three 1 gallon sized balloons, unload gun, run slide three times and press the trigger downrange then holster.

Move to P3 load gun and engage three 1/2 gallon sized balloons, unload gun, run slide three times and press the trigger downrange then holster. Move to P4 and load gun and engage three 1/2 gallon sized balloons, unload gun, run slide three times and press the trigger downrange then holster.

Move to P5 load gun and engage three 1/2 gallon sized balloons, unload gun, run slide three times and press the trigger downrange then holster. Move to P6 and load gun and engage three 1/2 gallon sized balloons.

*A fully loaded magazine was placed at each shooting position. If a shooter had less than six magazines, a magazine was paced at P1, P3 and P5. The shooter would use the magazine at both positions (P1-P2, P3-P4, P5-P6), following the unload procedure in the course of fire.
