**Email update from Jerry:**

I thought this to be important enough to send out. Your most likely SD scenario is going to be close and fast. Stage 3 String 1 was an exercise of the skills needed, draw fast, shoot straight. Consider the times and that there was no requirement to move or use a concealment garment. Even the fastest time seems like a lot to me when my life is on the line. This is why so many preach moving and shooting.

**Stage 3 String 1**

There was no opportunity to obtain points down, this is just the raw time. The shooter was 2 yards from T1 and T2, two shots each.
