Our Customer Satisfaction Motto:

"Were Not Happy Until Your Not Happy"

Stage 1: Asleep at the house

You are in your house resting on the bed when you hear a scream from the other side of the house. Get up and retrieve your gun and magazines. Move through the house and shoot 5 bad guys 3 shoots each. Watch out for your loved ones.

Stage 2: High, Low & lower

Six targets total, 3 one each side. Start standing and shoot at two closest from either side of barrels, 3 each. Move forward and from kneeling, three each to the targets around the left and right of the barrels. Then move forward to fire hydrant and from cover shoot 3 each to two targets.

Stage 3: Gas Station

You getting out of your car at a gas station when you turn and notice a man with a gun in your face. While you and him are retreating, shoot at him with 3 shoots each in 4 different positions.

Stage 4: Blind Man's Bluff

You are in a restaurant with a blind friend. While at the counter a large group of robbers enter and start shooting. Exit the building while leading your friend to safety. Shoot all 7 target 2 each with your strong hand only while leading your friend. This was designed to work on two things. Strong hand shooting while and multitasking. Some day you may have to physically guide a frozen sheep out of a bad situation.

Stage 5: Restaurant Team Shoot (Two strings combined for one score)

You and a buddy go to a restaurant after an IDPA shoot and your buddy is one of those gamers that only wears a gun in competition. The thugs come in and start shooting. You shoot your way out and in the process get nailed. Your buddy must get your ammo from your limp dead body and the gun you conveniently dropped on the table and finish off the bad guys on the way out. You got 5 with 2 each and your buddy got 4.
