Stages 2,3 & 4 were shot using human overlays on the targets

Our Customer Satisfaction Motto:
"Were Not Happy Unless Your Not Happy"

Stage 1: Shopping Mall Shoot Down 2

You are going up the escalator when you bump a gang member. Minutes later you are at the counter at the food court when bullets start going by your head. You turn and he has returned with 3 of his friends. Dispatch them while staying on the move

Stage 2: Mirror - Mirror

You are hired as a family guard for a Mexican family in Mexico. You are picking up the youngest child at the daycare when in walks a gang of 5 through the back door. Dispatch them while retrieving your child. The scenario starts with you looking at a live person in a large mirror. When you see a weapon drawn, get busy.

Stage 3: Gas Station Car Jack

You are standing at the pumps when three thugs move toward you. You draw and are shot in the strong hand arm and drop your gun. Pick it up with your weak hand and deal with the three punks.

Stage 4: Dream Vacation

You are on your dream vacation at the Parthenon in Nashville when you hear Allah Akbar behind you. Turn and deal with the 4 terrorist while using the columns for cover

Stage 5: Walking the Dog (at night)

You are out walking the dog when you hear something coming at you from the woods. The questions is should I already have my flashlight in hand or am I quick enough to get it out in time to deal with the issue.
