Our Customer Satisfaction Motto: **"We're not happy, until you're not happy"**

Stage 1: He's coming right at you! No Concealment, Not Limited

Six targets simulating a man coming at you with a screwdriver. Fire one shot into each target back to front, with the front target getting a head shot. Reload from slide lock and repeat, extras can be fired after the required shots are complete. Targets at 10 yards to 4 yards

Stage 2: A swing, a hop, and 9 pops... Concealment, Not Limited

Activate swinger at 3 yards and engage with 3. Move right to cover and engage T1 - T3 with 2 each at 5 yards. No-Shoots partially cover T2 and T3.

Stage 3: Get back and pick a side, either side... Concealment, Not Limited

Starting 2 yards from T1 you retreat as you engage T1 with 6. You retreat to cover and engage T2 - T5 with 2 each from one side of cover. You are not allowed to check angles from cover before shooting or a PE will be assessed (one was). T2 and T5 @ 15 yards and T3 and T4 at 17 yards. A No-shoot partially obscured T4.

Stage 4: Concealment, Limited

From behind cover engage T1 and T2 from left of cover at 3 yards. Move right to window and engage T3 - T6. T3 and T4 at 4 yards and partially covered by No-shoots, T5 and T6 at 12 yards. All targets get 3.

Stage 5: Concealment, Limited

From behind cover engage T1 and T2 from left of cover at 3 yards. Move right to window and engage T3 - T4 at 4 yards strong hand only. Move right to corner and engage T5 at 12 yards strong hand only. No reloads allowed. No-shoots partially cover T3 and T4. A no-shoot obscures T5 until the shooter moves to the corner. All targets get 2 each.

Stage 6: It's not as easy as it looks, and it doesn't look easy... Concealment, Not Limited

Through the window engage T1 and T2 at 5 yards, move left and engage T3 and T4 on the move to cover, move past cover and engage T5 on the way to far cover. From far cover engage T6 at 12 yards and T7 at 1 yard in any order from left side of cover. All targets get 2 each. No-shoots mostly cover T2 and T6, T1 is covered by No-shoots so that only 70% of the head is available.
