**STAGE 1: THAT SWINGIN' NO-SHOOT!**

On signal, pull rope to engage swinger (no shoot target) then engage T1, T2, at about 5 yards, and T3 at about 7 yards with three shots each while avoiding the no shoot.

**STAGE 2: NO SHOOT NO LONGER SWINGS**

Same as stage 1, except that the swinging target is now a shoot target and the no shoot is in the back.

**STAGE 3: TAKE MY WIFE, PLEASE!**

While sitting watching TV, you hear noise from the other room. On signal, stand up, turn around and engage T1 with two head shots through the window, but avoid the hostage. While moving to the window for cover, engage T2 with three shots while moving. Once at the window, engage 3 more targets at various distances through the window while "slicing the pie." Any type of reload is ok.

**STAGE 4: WALMART NIGHTMARE**

While shopping at Walmart with your baby, you encounter several armed bad guys trying to take your money and your life. Holding baby in weak arm, on signal, draw and engage T1 and T2 at about 4-5 yards with two head shots each, strong hand only. Move to cover while engaging T3 at about 7 yards with three shots. Once at cover, set the baby down gently, then engage T4-T5 at 7 yards with three shots.

**STAGE 5: CHATTING WITH GRAMMA**

While talking to grandma, you are suddenly attacked by a sniper and his buddies.. Push grandma out of the way and engage T1-T3 at about 4-5 yards with one head shot each, then one head shot each again (starting with T1 each time). Now move to cover and engage sniper with three head shots.

**STAGE 6: YOUR NEIGHBOR AND HIS DOGS**

You are knocked to the ground by an attacking dog. Luckily, you are able to draw your knife and stab this dog and he runs off, but you have a problem, your neighbor has more dogs! While in a prone position, place your non-dominant arm over your baby to hold him down, then engage D1, D2, and D3 with two shots each, at various distances from 5-9 yards, then the neighbor, who has a gun, at about 9 yards.

**Post Match cuisine: None this week**
